# MIDWESTERN ARTISTS' EXHIBITION

THE KANSAS CITY ART INSTITUTE  
4415 WARWICK BOULEVARD

THE KANSAS CITY ART INSTITUTE—AND U. S. EPPERSON HALL  
4415 Warwick Boulevard, Kansas City, Missouri

## FOREWORD

IT IS gratifying to see the high standard of excellence shown in the works submitted for the 1932 Exhibition. One of the Jurors remarked that he had served on many juries, Minneapolis, Detroit, Indianapolis and elsewhere and in his opinion the general average of the works submitted to the Midwestern Exhibition was higher than that of other sections.

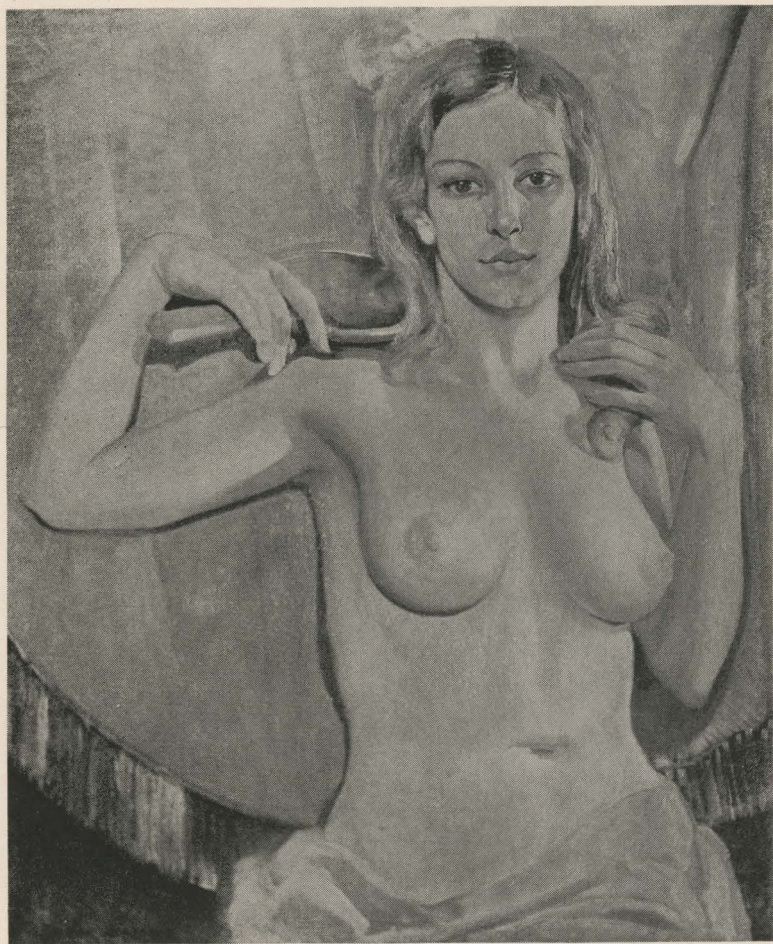

It is unfortunate that limited space for hanging necessitated the acceptance of a smaller number of works than would have been taken had space been available. We hope this condition will be changed when the Galleries of the new museum are completed.

There is every reason to believe that Kansas City will become one of America's great Art centers and that the annual exhibition will rank with the big all-American shows held in other cities. It is only through the continued cooperation on the part of the artists living and working in this territory may this be realized, and only by continued effort may the artists expect to receive recognition.

The works on display are for sale and at reasonable prices. The Institute will be glad to advise anyone interested.
